

Makeup Exam Procedure

1. Purpose

This procedure establishes the process by which students may request and take a makeup examination for a missed midterm, quiz, or final exam. Makeup exams are granted only for excused absences as defined in the Excused Absence Guidelines (ACAD-ATT-002).

2. Requesting a Makeup Exam

Students must notify their instructor of the need for a makeup exam as early as possible, and no later than 48 hours after the originally scheduled exam time. Requests must be submitted via the student's official university email and must include the reason for absence and available supporting documentation.

For final examinations, requests must also be copied to the Department Chair and submitted using the Makeup Final Exam Request Form (Form AA-14).

3. Scheduling the Makeup Exam

Instructors must schedule the makeup examination within 5 business days of the student's return from the excused absence. For final exams, makeup exams must be administered no later than the grade submission deadline for the semester.

Makeup exams are administered in the department office, the Testing Center, or another proctored location. The instructor determines the format, which need not be identical to the original exam but must assess the same learning objectives.

4. Limitations

- Students are entitled to one makeup opportunity per exam
- Makeup exams are not available for unexcused absences
- Students who miss a makeup exam without a new excused absence forfeit the right to a second makeup
- Instructors may impose a reasonable late penalty (up to 10%) for unexcused late exam requests at their discretion
