

Return from Leave of Absence Procedure

1. Overview

Students who have been on an approved leave of absence — whether medical, personal, or military — must follow this procedure to return to enrollment at Westbrook University.

2. Application Timeline

Students must submit a Return from Leave Application to the Office of Student Affairs at least 6 weeks before the first day of the semester in which they intend to return. Applications received after this deadline may result in delayed registration.

3. Required Documentation

- For Medical Leave: Medical clearance letter from a licensed healthcare provider indicating the student is ready to return to full-time academic duties
- For Military Leave: Copy of discharge or release orders
- For Personal Leave: Written statement from the student explaining readiness to return
- Updated contact and emergency contact information
- Current immunization records if applicable

4. Re-enrollment Process

Once the Return from Leave Application is approved, the student is reactivated in the student information system and may register for courses during their assigned registration window. Students returning after one academic year of absence must also meet with their academic advisor to update their degree plan.

Students returning to selective-admission programs (Business, Nursing, Engineering) must also receive clearance from the program director.

5. Financial Aid Reinstatement

Financial aid is not automatically reinstated upon return. Students must contact the Financial Aid Office at the time of return application to determine aid eligibility for the returning semester. Reinstated aid is subject to SAP review.
